

MyChart

Your secure online health connection

Whether you're at work, on the road or at home, you can view test results, messages from your doctor and your key medical information.

With MyChart, you can:

Manage your appointments.

Request appointments or view details of your past and upcoming appointments.

Prepare for your visit.

Complete forms and questionnaires before your visit.

Access your test results.

View your results and your doctor's comments within days.

Communicate with your doctor.

Get answers to medical questions without phone tag or unnecessary appointments.

Pay bills online.

Pay copays and bills from home.

Request prescription refills.

Send a refill request for any of your refillable medications.

To access **MyChart**, visit **MyPatientChart.org**

Username: _____

Password: _____

To access your **MyChart** account, visit
MyPatientChart.org

How do I sign up? Two ways:

During your office visit

You'll receive an email containing a link that automatically enrolls you in MyChart. Click the link and follow the instructions to activate and access your MyChart account.

After your office visit

Visit **MyPatientChart.org** and click Sign Up Now. Enter the MyChart activation code you received by email or from your provider at your visit. Your code expires 90 days from date of issue. Follow the instructions on the screen to activate your account.

Can I use MyChart on a mobile device?

Yes, the MyChart mobile app can be downloaded from the App Store (iOS devices) or Google Play store (Android devices).

How do I access the account of a dependent child or adult?

For information on proxy access to another account, visit the FAQs on **MyPatientChart.org**

Need help?

If you did not receive an instant activation email or an activation code at your last office visit, or if you are having trouble setting up your account, call **866-273-1966**.
